

MEETING GLOBAL STANDARDS SINCE 1975

Founded in 1975, PH Hydraulics & Engineering is Asia's leading offshore oil and gas equipment manufacturer.

From our corporate offices and manufacturing facilities in Singapore, Malaysia and Thailand, PH is committed to deliver total solutions in electro-hydraulic systems that meet global standards.

PH's total solution will guide you through every aspect of your equipment from detailed engineering design to fabricating, testing and commissioning. We have the engineering capability and experience to deliver complete packages for Pipe Lay Vessels, FPSOs and Jack-up Rigs.

Our success is based upon integrity, our promise to deliver and understanding your needs.

Our goal is to create a relationship with you and to deliver the most effective and efficient system.
